

Step into Liverpool through the eyes of Downtown Sketchers - a community of artists who gather every Monday to sketch the city as it lives and breathes.

Since 2022, we've welcomed sketchers of all levels to pick a spot, open a sketchbook, and capture moments from across the city. This 2025 collection celebrates our favourite scenes, stories, and sketching adventures, both in Liverpool and beyond.

Inside these pages you'll find a mix of styles, voices, and viewpoints - each one adding to the bigger picture of a city full of personality, humour, and heart.

This is Liverpool, drawn as we see it. This is Downtown Sketchers.
